

# MEMORANDUM OF UNDERSTANDING for the Statewide Idaho American Job Center Network

Workforce Innovation and Opportunity Act Program years 2020-2022

The Memorandum of Understanding (MOU) for the Idaho American Job Center Network is executed between the Idaho Workforce Development Council and the one-stop partners for the Idaho American Job Center Network. This document serves as the required MOU under the Workforce Innovation and Opportunity Act (WIOA) for the one-stop service delivery system, known as the Idaho American Job Center Network.

## INTRODUCTION

### Vision

The overall vision for Idaho's Workforce Development system is to: improve access to education, economic opportunity, and employment for all of Idaho's job seekers – especially those with significant barriers to employment; develop a skilled and competitive workforce that meets the needs of Idaho's employers; stimulate the vitality of our local communities; and promote a state economy that is competitive in the global economy. The Combined State Plan identifies four priorities to realize this vision: 1) Improving public awareness and access to the workforce system; 2) Coordinating business services across partners to ensure delivery of streamlined and high-quality solutions; 3) Serving rural and remote communities; and 4) Career pathways/Sector partnerships. Idaho's American Job Center Network is designed to support these priorities within its capacity under the Workforce Innovation and Opportunity Act. Idaho has an uncommon composition of a small population spread across large geographic areas. Its very uniqueness necessitates the development of a modified one-stop system that provides quality services in diverse locations and maximizes scarce resources. Idaho's statewide framework addresses varying levels of partner coordination in different locations and still provides consistency in quality service delivery to its citizens across the state.

### Background

WIOA mandates the one-stop system of service delivery in the local areas. The one-stop system combines separate workforce investment, education and other human resource programs and funding streams to create a seamless system of service delivery for individuals receiving assistance. WIOA Sec. 121 requires that an MOU be developed and executed between the Local Workforce Investment Board, with agreement of the chief elected official and the one-stop partners relating to the operation of the one-stop system in the local area. The Idaho Workforce Development Council (WDC) serves as the required State Workforce Development Board and as a Local Workforce Development Board for the entire state of Idaho, operating under a waiver as indicated in the 2020 state plan. The Governor serves as the chief elected official for the all areas within the state of Idaho. The state-level one-stop partners in Idaho have been working together on WIOA one-stop implementation since late 2014. This MOU was negotiated in accordance with 20 CFR § 678.510 by the partners and members of the WDC's One-Stop Committee, with input from one-stop partner agencies and service providers.

## MOU Design and Contents

The Idaho American Job Center Network MOU is in two parts. The first part outlines the statewide framework for the operation of the Idaho American Job Center Network as the one-stop delivery system. This part will be reviewed at least once every three years. The second part will be composed of separately signed MOUs that will incorporate this MOU by reference. The separate MOUs will provide details relevant to each of the six service delivery areas (SDAs) in Idaho and will be reviewed annually. The SDAs are also known as regions within the state and are identified by the following locations:

- Region 1 - North Idaho
- Region 2 - North Central Idaho
- Region 3 - Southwest Idaho
- Region 4 - South Central Idaho
- Region 5 - Southeast Idaho
- Region 6 - Eastern Idaho

Per 20 CFR § 678.500, both parts of the MOU will contain the following provisions:

- Parties to the MOU
- Design of the one-stop delivery network
- Description of services to be provided through the one-stop delivery system
- Methods of referral
- In person, warm phone transfer, email, and other methods of engagement
- Methods to ensure that needs of special population groups are met including access to services and access to technology and materials available through the one-stop delivery system
- Duration and assurances
- Signatures

Idaho is required to have two comprehensive one-stop centers. Initially these will be located in Regions 2 and 6. The MOUs for these two SDAs will contain any final cost sharing plans for the comprehensive centers in those locations.

## STATEWIDE DESIGN OF THE ONE-STOP DELIVERY NETWORK

## DESIGN OF THE ONE-STOP DELIVERY NETWORK

The Idaho American Job Center Network is designed to provide services across the state, including rural areas that comprise much of Idaho’s geography. The Idaho American Job Center Network encourages co-location, shared resources, and coordination to ensure no duplication of work. Although the configuration of American Job Centers (AJCs) will vary according to their communities, the one-stop service delivery strategy is applicable statewide.

The Idaho American Job Center Network is a connection of partners linked locally and across the state. Each partner can participate in the network or certify its service locations, depending on what is appropriate for the service delivery area.

Comprehensive services are accessible to all areas of the state – through various access points as described below.

Partners can offer services at the following levels:

- Comprehensive American Job Center (comprehensive AJC)
- Affiliate American Job Center (affiliate AJC)
- Remote Location(s) American Job Center (network Partner)
- American Job Center Network Partner (network partner)

### **Comprehensive American Job Center**

WIOA requires Idaho to have at least one physical comprehensive one-stop center as described in 20 CFR § 678.305 in each of its designated local areas: Eastern Idaho Service Delivery Area and the Balance of State (North Central Service Delivery Area). Idaho currently has two certified comprehensive AJC's and is in the MOU/certification process of four additional comprehensive AJC locations: North, Southwest, South Central and Southeast. Idaho will provide comparable services across the state regardless of comprehensive center location.

The comprehensive AJC provides job seekers and employers access to all of the required one-stop partner programs at one physical location. Per 20 CFR § 678.305(d), access to program services can be 1) having a staff member physically present at the one-stop center; 2) having a staff member from a different partner program physically present at the one-stop center appropriately trained to provide information to customers about the programs, services, and activities available through partner programs; or 3) making available a direct linkage through technology to program staff who can provide meaningful information or services. A "direct linkage" means providing direct connection by phone or real-time Web-based communication to a program staff member who can provide program information or services to the customer at the one-stop center within a reasonable timeframe.

Each location identified as a comprehensive AJC must be certified to ensure it meets service delivery standards. Certification standards for affiliate AJC do not require access for all required program services. However, other regulatory requirements for certification are that physical locations of the affiliate AJCs must be accessible to individuals with disabilities and provide reasonable accommodations to other individuals needing additional assistance, such as those with limited English proficiency.

In order for a location to be certified as a comprehensive AJC, it must meet certain criteria including: mandatory cross-training for staff on the programs without staff physically located at the center, completed infrastructure and cost sharing agreements for the center's operating costs, and all other requirements set forth in WIOA.

### **Affiliate American Job Center and Remote Locations**

The affiliate AJC described in 20 CFR § 678.310 is a physical location where job seekers and employers can receive direct services from at least one program partner staff. Per 20 CFR § 678.315, Wagner-Peyser and related programs may not be the only services provided in an affiliate AJC location. An affiliate AJC with Employment Services staff must have at least one or more partners with a physical presence of combined staff more than 50 percent of the time the center is open.

The affiliate AJC must accept referrals from other affiliate AJCs and other American Job Center Network Partners ("network partners") for the services provided at that location. Program staff at affiliate AJC locations are cross-trained to provide meaningful referrals to other partner program services and are encouraged to coordinate customer outreach with other network partners in their service delivery area.

Each location identified as an affiliate AJC must be certified to ensure it meets service delivery standards. Certification standards for affiliate AJC do not require access for all required program services. However, other regulatory

requirements for certification are that physical locations of the affiliate AJCs must be accessible to individuals with disabilities and provide reasonable accommodations to other individuals needing additional assistance, such as those with limited English proficiency.

The Remote Location is a physical location where job seekers and employers can receive direct services from at least one program partner staff. Per 20 CFR § 678.315, Wagner-Peyser and related programs may not be the only services provided in a remote AJC location.

The Remote AJC must accept referrals from other affiliate AJCs and other American Job Center Network Partners (“network partners”) for the services provided at that location. Program staff at Remote AJC locations are cross-trained to provide meaningful referrals to other partner program services and are encouraged to coordinate customer outreach with other network partners in their service delivery area. Staff providing remote service delivery will hold regular office hours and appointments in numerous communities in their region. Community partners such as libraries, state agencies, cities, counties, federal agencies, non-profit agencies and others will be utilized as locations. This service delivery model provides for better access to services/programs in rural Idaho.

### Partners of the American Job Center Network

Idaho welcomes all partners who offer services to job seekers or employers to participate in its American Job Center Network. Network partners as described in 20 CFR § 678.320 must be able to provide referrals to affiliate and comprehensive AJCs.

~~Network partners do not need their physical service provider locations to be certified. However, the information must be connected to the state’s virtual one-stop (currently called Live Better Idaho), to ensure both customers and American Job Center staff are aware of the network partner’s programs and services. (Additional information on Live Better Idaho can be found below.) If the network partner program requires additional intervention on behalf of the customer beyond what is available in Live Better Idaho, the network partner must provide the additional information needed for American Job Center staff to make a referral.~~

Network partners are not required signatories of the One-Stop MOU and do not need their physical service provider locations to be certified. This one-stop framework allows non-required partners to participate within the network to provide enhanced services to customers without subjecting network partners to infrastructure cost sharing or certification requirements.

### Service Coordination

A number of different mechanisms at different levels support the Idaho American Job Center Network to ensure that services are coordinated. Additional methods for coordinating and delivering services locally are identified in the MOU for each service delivery area (Regions 1-6). The following are coordination resources available statewide.

#### Live Better Idaho

- ~~Comprehensive services to Idahoans in their local communities are provided by a statewide resource for service coordination. The framework for this coordination is Live Better Idaho, an online platform, developed by one stop partner Idaho Department of Health & Welfare. (Live Better Idaho’s platform may shift during the MOU period and could reside on Department of Health & Welfare’s site or may continue to be an independent site coordinated by the Department of Health & Welfare.) Live Better Idaho is the product of intensive research in customer-centered services and translating the results to an electronic platform. This custom-designed platform provides access to an array of locally available government and non-profit services directed by the customer’s general area of need. Live Better Idaho is designed as a platform to actively engage the customer in the next step~~

~~of action toward receiving services. Job seekers, individuals with barriers to employment and others needing assistance have access to the state's government and non-profit community resources electronically. AJC program staff are cross-trained on other one-stop program services and can rely on Live Better Idaho for up-to-date access to career, training and supportive services. It facilitates a virtual one-stop in every service delivery location in the state. While the Live Better Idaho platform is an essential mechanism for coordinating services across the state, it supplements already established relationships operating at the local levels.~~

### **Workforce Development Council Standing One-Stop Committee**

- As described in 20 CFR § 679.360, the WDC appointed a standing One-Stop Committee to oversee the implementation and operation of the Idaho American Job Center Network. The committee includes partner agency representatives as members. Its responsibility is to develop policy to ensure one-stop system coordination on an ongoing basis. For example, the committee will undertake statewide policy to ensure coordination of services to employers. The WIOA Combined State Plan recommended developing a model where services to employers are delivered using a "single point of contact" to coordinate between programs and employers at the local and regional level. This model ensures more coordinated, less disruptive or duplicated outreach to employers and will build on existing relationships. Staff working with employers are knowledgeable about all of the Idaho American Job Center Network programs and the benefits they offer to employers. This approach provides business assistance that streamlines communication and leverages resources to assist with workforce development.

### **One-Stop Operator**

- In Idaho, the Idaho Department of Labor serves as the one-stop operator. The one-stop operator is integral to carrying out coordination of partner program services within the Idaho American Job Center Network. In addition to coordinating service delivery to individuals and outreach to businesses as prescribed in 20 CFR § 678.620, the operator is responsible for providing new staff orientation on the one-stop network and regular training to staff on all partner programs and services.

### **Information Sharing**

- To facilitate the integration of services, state partners will develop policy to encourage sharing of customer information needed for referrals within the applicable privacy laws and regulations governing the partner programs.

## **REFERRAL PROCESS**

All basic career services are available at each comprehensive AJC. Program staff within the one-stop network conduct outreach to individuals and provide an orientation to the availability of services. Any AJC staff member can perform an initial interview to connect the individual with the appropriate services – either directly or through a referral to individualized career services, training services or supportive services. The robust referral process in use throughout the state is described below. Staff from each one-stop partner assist with referrals and access to information to other Idaho American Job Center Network partners and their programs. Formal referrals will be made to partners with relevant services primarily based on initial interviews. All AJC staff are required to be trained on network partner services and encouraged to foster personal relationships with other service providers. Before a referral is made, staff conduct an initial interview to determine needs and interests. With permission, an individual's initial information is provided to the partner program's staff using the receiving program's preferred referral method. Staff may also make referrals by direct communication using phone, email or in person, depending on what is best for the partner and the customer.

Information on connecting to one-stop network partners is available in the AJC, ~~within the Live Better Idaho website and~~ on other online resources such as ~~the Idaho Department of Labor partner~~ websites and the IdahoWorks labor exchange

and workforce development system. Most partner staff are able to provide basic career services directly through this arrangement. Immediate direct delivery of career services to the customer is expected whenever possible. Co-enrollment with partner programs is also encouraged when appropriate.

#### **METHODS OF ENSURING ACCESSIBILITY**

Outreach to Individuals with Barriers to Employment with guidance from the WDC, its One-Stop Committee and other local stakeholders, the one-stop operator will ensure that programs in each service delivery area offer coordinated outreach to individuals with barriers to employment. The operator may develop outreach plans targeted to groups such as workers, youth, individuals with disabilities, those with limited English proficiency, low literacy levels, or others with barriers to employment.

##### **Accessibility and Accommodations**

Certified AJCs must meet the requirements of WIOA Section 188 affording programmatic and physical access to services. Each AJC will be assessed annually to ensure accessibility to individuals with disabilities. All AJCs are equipped with accessible computers specifically designed with ADA equipment and software to accommodate a variety of disabilities. Program service providers can provide language assistance to individuals with limited English proficiency through oral interpretation, either in person or via a telephone interpretation service such as the Language Line or written translation. Reasonable accommodations are made for customers requiring assistance to receive services.

#### **COST SHARING GUIDELINES FOR SERVICE DELIVERY AREAS**

Cost sharing for the Idaho American Job Center Network will be negotiated at the service delivery area level. Partners at comprehensive AJC (and affiliate AJCs as appropriate) agree to enter into a cost sharing agreement on an annual basis to support the cost of shared services and jointly occupied facilities. All parties to this MOU recognize infrastructure costs are applicable to all required one-stop partners, whether they are physically located in the AJC or not. Each partner's contributions to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received, consistent with the Partner programs' authorizing laws and regulations and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR Part 200, state rules and policy guidelines and any local program policies regarding cost sharing.

#### **ADDITIONAL TERMS**

##### **Assurances**
