

Pathful Connect Idaho is an online, interactive platform that builds bridges between education and the world of work, expanding lessons beyond textbooks to help students explore careers. Educators at contracted schools can request online sessions for their classrooms from employers. Employers can build a window of opportunity to Idaho's youth by providing sessions about what they do.

## Increasing line of site to careers:

- Students' views of career options are often limited by who they know and where they live
- Research shows that people who have a clearer picture of the job they will eventually do are more satisfied in their careers, over time
- Between 50-75% of all college students change their degree more than once as they explore their interests and potential careers

Pathful Idaho matches a professional's background, experience and skills to classroom and curriculum needs creating meaningful virtual interactions with the next generation of workers, anywhere, anytime.

## Contracted schools can:

- Through their teachers, request a connection to a professional in any industry
- Tune in for live video chats hosted by Idaho employers
- View recorded video presentations from industry leaders around the country to learn about careers in thousands of industries

### Vision

We envision a future where Idaho's diverse and prepared workforce meets the needs of our unique communities and employers.

### Mission

We champion strategies that prepare Idahoans for careers that meet employers' needs.

.....

## What We Do

**The Council's work is focused on three strategic goals:**

- Increasing the public awareness of and access to career education and training opportunities.
- Improving the effectiveness, quality, and coordination of programs and services designed to maintain a highly skilled workforce.
- Providing for the most efficient use of federal, state, and local workforce development resources.
