*Includes all Outreach funding made available for the Committee to allocate for FY23.
**Includes all Launch funding made available for FY23.

Discussion:

Are the unobligated funds before the grant we are looking at today?

Yes, this amount is prior to Bish’s Grant Application.

Bish’s RV Employer Grant

Bish's RV is a Recreational Vehicle dealer with 21 locations in 11 states. The business is based in the state of Idaho with locations in Meridian, Twin Falls, and Idaho Falls. It's Idaho locations employs 301 employees. Bish's sells, service, and provide parts for Motorhomes and travel trailers. The business will hire 25 new employees during the 2-year performance period of the grant. New hires will take part in a boot camp which includes three weeks of classroom and hands-on learning. The boot camp is part of a newly developed registered apprenticeship program. Grant funds will go towards paying for level 1 of the apprenticeship program. The program aims to increase the success of newly hired Technicians and allow them to become productive quickly.

WDTF Request: \$56,250

Discussion:

The Committee notes that \$15 is low for an entry level wage, but Ms. Secrist clarified that the \$15/hour is only for the first 3 weeks. After that the wage increases to \$17/hour and is eligible for productivity bonuses and for regular increases.

Is this just an employer calling an on-the-job-training program an apprenticeship?

- This is an employer who has registered with the US Department of Labor as a Registered Apprenticeship.
- All they are asking in this application is for help with startup costs and to train the first 25 participants in the Apprenticeship Boot Camp. After that they will be set to take on the cost of ongoing training.

What will the long-term impact of this grant be? Is this where we want to be prioritizing the Workforce Development Training Fund?

- The Committee likes that this is work-based learning and that it provides a path to skilled work for new members of the workforce.
- This also checks the box of being a critical industry in Idaho.
- One desirable thing about this application is it is modeling the creation of a visible path forward for young laborers to potentially doubling their wage in a relatively short time frame.
- This training also makes a young technician more marketable throughout the state, due to being a Registered Apprentice.

Motion by Mr. Reynolds to recommend approval of the Bish's RV Grant in the full amount of \$56,250 to the Executive Committee. Second by Mr. Greene. Motion carried.

Motion by Mr. Maloney to adjourn.

Meeting adjourned at 3:22 p.m.
