

Idaho Child Care Expansion Grants

- August 15, 2022
- October 1, 2022
- January 1, 2023

Employers and/or child care providers that are seeking to add or expand capacity in Idaho can apply or get more information here: <https://wdc.idaho.gov/grants>

Child care is one of the most critical work supports for parents to successfully participate in the labor market. Since the pandemic, labor force participation rates in Idaho have decreased and one of the major factors is lack of child care options.

According to Idaho's most recent Child Care Gap Assessment 74,670 children have the potential need for child care, and there are only 55,850 child care slots, leaving a gap of nearly 20,000 seats needed to get Idaho parents back to work.

Program Goals

- Increase child care seats statewide by approximately 1,000 by the end of 2024.
- Prioritize small providers, and providers who practice evidence-based high quality care.

The purpose of the fund is to encourage and enable businesses and employer consortiums to create and develop on-site, or near-site child care centers or partner with local and regional child care services to increase available slots for an employer's employees (not at the expense of existing or available slots in the local area).

Fund Availability

The Workforce Development Council has \$15 million dollars under the American Rescue Plan Act (ARPA) to expand high quality child care in Idaho. \$4 million dollars is set aside until March 1, 2023, for small providers serving 12 or fewer children. All funds must be obligated by June 30, 2023 and spent by October 31, 2024.

- Maximum of \$15,000 per child served is available to applicants to support the addition of new seats.
- 50% minimum cash and/or in-kind match is required.
