**Called to order at**

**Welcome**

**Review Agenda**

**Roll Call – No quorum**

**Approve August 28, 2018 Meeting Minutes**

**Review Workforce Development Training Fund Balance**

**Employer Grant – Simplot**

There is some concern with some of the training they are wanting to offer. They do not seem to be transferrable skills (they are skills specific to the company) and a lot of them have to do with safety training.

**Sector Grant – College of Eastern Idaho**

**Employer Grant – D & A Glass**

- A lot of the training is safety. Has the policy committee come up with recommendations on supporting safety training?
  - They have not taken any official action on policy yet, but the current direction they are heading is to exclude safety training. After October 24 there will be more guidance and direction.
- Who certifies the journeyman? Is it through the company or is it a certified journeyman?
  - The company did almost decide to do registered apprenticeships, but in the end decided not to move forward with it. All of the apprentices listed are un-registered.
- Continuing Education is very broad. What does that mean?

- The WDC staff will ask for more clarification on this training.

**Employer Grant – Basic American Foods**

**Feedback on Grant Summaries**

**Adjourned at**
