Program services for the WIOA Core and Combined partner programs are provided locally through a variety of delivery systems. These systems are described in detail for each program under Section (II)(a)(2) Activities Analysis. A high-level summary of these delivery systems is included below:

- **Title I-B, III, Trade, Veterans, and UI:** The majority of Idaho Department of Labor's services are provided through the American Job Centers. However Unemployment Insurance is centralized at the State office via an online application system. The Department of Labor also uses the IdahoWorks system to provide online services such as job-search and streamlined applications.
- **Title II - Adult Education:** Title II programs are carried out locally through Idaho's Technical College system. Colleges provide classes and other instructional services on their main campuses as well as more than 40 outreach sites throughout the state.
- **Title IV - Vocational Rehabilitation:** Counseling services and programs are carried out locally by the Idaho Division of Vocational Rehabilitation (IDVR) and the Idaho Commission for the Blind and Visually Impaired (ICBVI). The IDVR provides services through eight regional offices and a series of sub-offices. Through cooperative agreements, IDVR has numerous staff collocated in several state program offices including the Idaho Division of Behavioral Health and the Idaho Department of Correction. Additionally, numerous counselors are collocated in school districts to provide direct services to students with disabilities. The Commission provides services through a central office in Boise, ID and five regional offices.
- **OAA Title V - Senior Community Service Employment Program:** Counselors are available via the Commission on Aging's local offices. Seniors are also placed at non-profit host agencies throughout the state to obtain job training.
