***Employer Grant Scoring Matrix Recommendation for Council**

The Full Council requested that the Policy Committee look at having State or Federally recognized licenses in the Education and Training portion of the scoring matrix be worth ten points. The Council had also requested that Registered Apprenticeships still receive a recognition since they go above and beyond industry recognized certifications. Ms. Solace went over a new version of the matrix that included the licenses being moved to be worth ten points and give 5 bonus points to any Registered Apprenticeship Programs. The 5 bonus points will not get multiplied like the other factors, it is simply added in at the end. The goal is to boost the scores of the Registered Apprenticeship Programs by one funding level. Please see attached Scoring Matrix.

Motion by Mr. Schwarz to recommend the approval of the Quantitative Funding Model to the Full Council. Second by Mr. Hudson. Motion carried.

Finalize Objectives under the Council's Strategies

Ms. Solace went through the objectives from the survey results. Please see objective notes.
