

We champion strategies that prepare Idahoans for careers that meet employers' needs.

## Outreach

Providing a line of sight between employers and jobseekers.

Projects such as Next Steps and LAUNCH which connect education to careers and promote opportunities available to Idahoans.

## Relationships

The careful curation and braiding of public, private, & non-profit relationships.

## Engagement

Creating the environment to look forward and the space to collaborate.

Projects such as Idaho LEADER and the youth apprenticeship initiative that engage partners to positively influence the workforce ecosystem.

## Vision

A future where Idaho's diverse and prepared workforce meets the needs of our unique communities and employers.

## Insight

The ability to match employer needs with the education and training opportunities available to Idahoans.

Insight starts with Talent Pipeline Management to increase the quality and effectiveness of communication coming from employers.
