Welcome

The Department of Labor was awarded the One-Stop Operator contract. They are going to hire a project manager to manage the contract. They are excited about the opportunity.

IDOL is doing a soft opening of their offices for customers. They will be by appointment only. They will test it out for 2 weeks.

One-Stop Committee, WIOA Advisory Group, Regional Teams – Discuss Scope and Differentiation

Earlier this week the One-Stop Committee met to discuss the responsibilities of the One-Stop Committee, WIOA Advisory Group, and the Regional Teams. We want to define the role of each of these distinct groups. Ms. Secrist went over the current roles of the groups. Please see attached slides.

This will allow each agency to go back and rethink who sits on each committee.

This is really helpful for everyone. This will help the regional teams be able to get started working on projects and know what direction they should head in. This will help them get things done quicker and with more clarity.

There is a lot of overlap over the groups. Looking at the roles will help identify those areas where there is overlap.

This will streamline the process and minimize some of the overlap. We may run into gaps as we go but can adjust accordingly.

It is important to ensure the WIOA Advisory group continues to feed into the One-Stop Committee and stays connected with them.

Having the WIOA Advisory Group shift to the monitoring of the One-Stop system is a big change but is needed. This is something that has not been done effectively before.

If anyone thinks of any other high-level responsibilities send them to Wendi.

Wendi will go back to the agency leaders at the One-Stop Committee leaders and ask them to internally look at their org charts and figure out who should be on which of the teams. Wendi will send out the list of regional team members to the group for review.
