Exclusions

Temporary and contract positions do not qualify for training reimbursement.

- Employer training costs incurred during a temp-to-hire process with a temporary employment agency will become eligible for reimbursement at such time as the employee is hired into a full-time permanent position with the employer paying at least \$12 per hour with employer assisted medical benefits. Temporary employees hired only to meet seasonal demand do not qualify as temp-to-hire.

Fund Availability

A quantitative funding model is used for validating eligibility and to determine the maximum amount of funding for training per job for new and retained jobs based on several weighted factors. The policy committee will review the quantitative funding model annually. If the applicant has received a WDTF grant previously, past performance will be reviewed and taken into consideration for future awards. Grantees may have only one Workforce Development Training Fund Employer grant open at a time.

The maximum amount of funds available to an employer is \$500,000 per grant and \$750,000 over a 10-year period.

The grant review committee and policy committee may develop a rubric to evaluate qualitative aspects of the proposal and may set minimums threshold for funding.

The Workforce Development Council may approve an annual allocation of Workforce Development Training Funds to the program. Funds are distributed on a first come, first served basis.
