

**TRADE ADJUSTMENT ASSISTANCE (TAA)**

**Idaho Department of Labor**

**Idaho WIOA Combined State Plan (modification) for PY2026 and PY2027**

*There are no program-specific state planning requirements for TAA. If the state includes TAA in a Combined State Plan, the state must incorporate TAA in its responses to the common planning elements in sections II, III, IV, and V of the WIOA State Plan requirements instrument.*

Please review plan to see how the TAA program has been incorporated and implemented throughout the state's workforce development system.
